

# RANGE ROVER SPORT

## Cocooned in Luxury, Touring Comfort.

The **edgy, sporty, cockpit** is designed to cocoon the driver. The high command, sculpted seats are made to sit in, not on, creating a more sporty experience.

## Anywhere's possible.

The TERRAIN RESPONSE<sup>®</sup> SYSTEM empowers this vehicle to easily adapt itself to diverse terrains, including grass, mud & ruts, sand, rocks, and gravel.

## Intuitive Technology.

Easy-to-use access to Infotainment. The focal point of the centre console is a full-colour touch screen, which provides a hub for all audio, video and communication

## Statement of Style.

The desire to drive and experience Range Rover Sport is enhanced by its athletic, muscular design. The wheel arches are subtly flared, power vents sit behind the front wheels and there's a sharp muscular line that runs along car's hips.

## Specifications
